Capstone Project/ Research Proposal Presentations

Students are requested to prepare a project proposal along with a PowerPoint Presentation (PPT).

Capstone Project selection would be based on Panel Presentation. The Faculty Panel will decide on the commencement of a project problem based on a presentation by a team of four to five students. Each team (Capstone Project as well as Research Project) has to prepare PowerPoint presentation on the best-identified project idea in consultation with their faculty mentors as per the following guidelines:

Presentation Guidelines: 10-12 slides (max) excluding References

- **Title slide mentioning the Project title, Details of Team members**
- **Project Overview and Need Analysis**
- **Related Work/ Literature Survey**
- **Problem Statement and Objectives (Broad 3-5 objectives)**
- **Assumptions and Constraints**
- **Project Execution Plan (Broad Methodology)**
- **Project Requirements (Tools/Platforms to be used, hardware if any)**
- **Project Outcomes (Product/Service etc.)**
- **Work Plan**
- **Role/ Contributions of Individual Team Members References**

Presentation Duration: 8 minutes (max)
